

# AGENDA (Preliminary)

---

DYNAMIC LIGHT

Final Conference

26. & 27. März 2019, Hochschule Wismar

---

## Conference Location:

Hochschule Wismar,  
Fakultät Gestaltung  
Foyer Haus 7a  
Philipp-Müller-Str. 14  
23966 Wismar

## Arrival Day

**Monday 25.3.2019**

- Possibility to see Lichtcampus 2019 installations on campus and in town
- Registration + Get together (early evening)

## Conference Day 1 Tuesday 26.3.2019

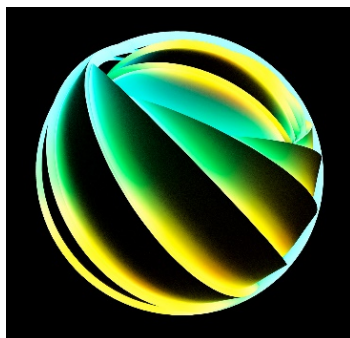

- Public lighting in times of digitalisation
- Light quality in public space
- Dynamic Lighting is sustainable Lighting

## Conference Day 2 Wednesday 27.3.2019

- Understanding Public Space: City and data
- Cities: Implementation of Dynamic Lighting

Participation free of charge for registered users.  
Please register [with this Link](#). Thank you!

18:00-19:00	Panel Discussion: Future of City lighting- Open questions - Need for further research	
19:00	End of conference	
20:00-22:00	Dinner (Conference Speakers and Project Partners "Dynamic Light")	

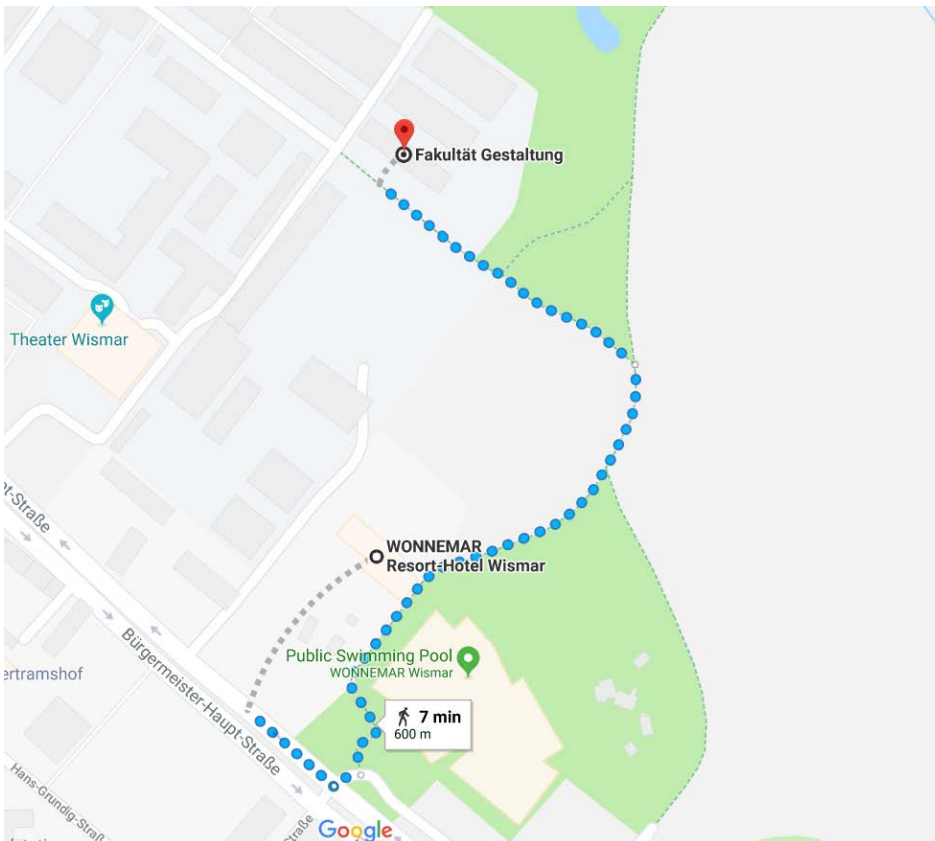

Speech in German language

## PRACTICAL INFORMATION

### CONFERENCE VENUE

Hochschule Wismar - Fakultät Gestaltung  
Building 7a - Foyer  
Philipp-Müller Strasse 14  
23966 Wismar

The Faculty of Design is a 5-7 min walk from the Hotel. The conference will take place in the foyer of Buildings 7a

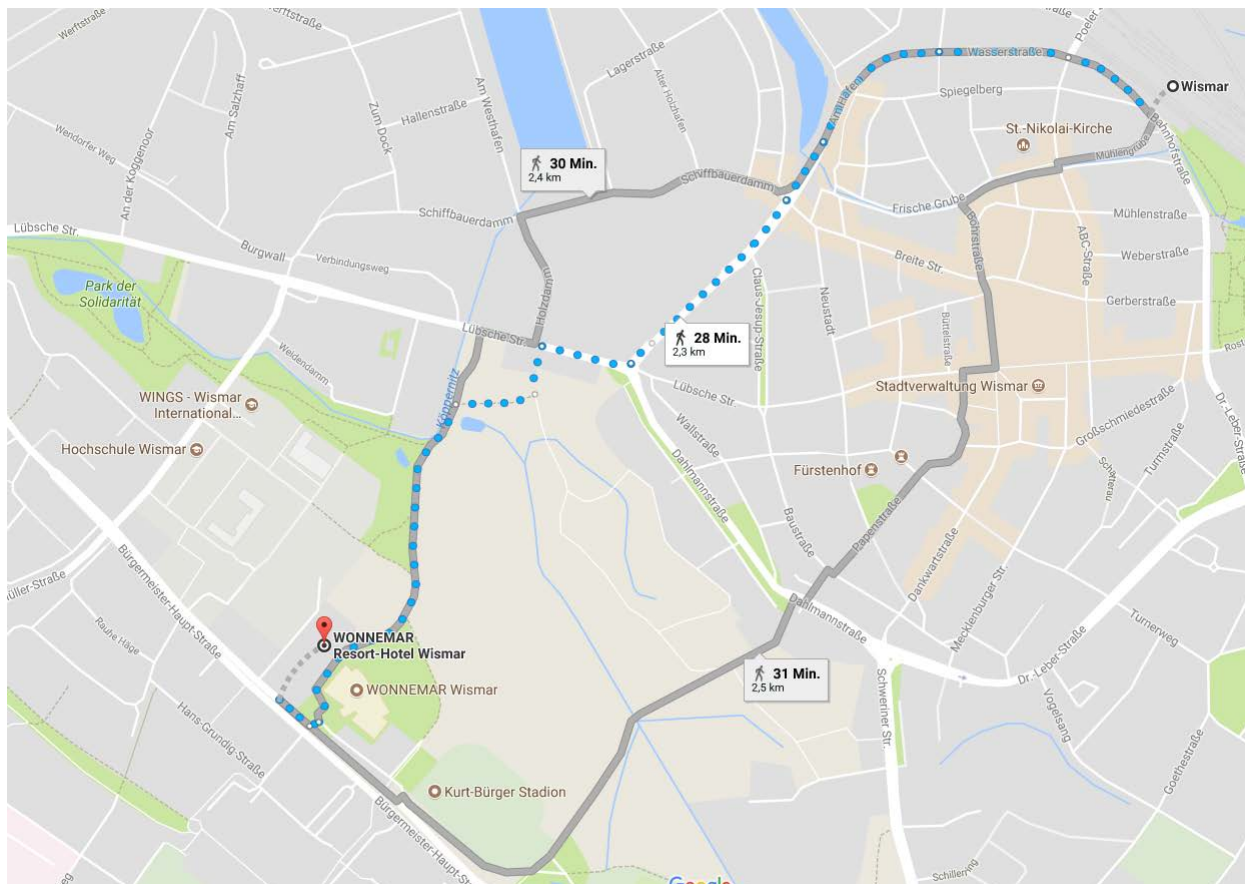

## HOTEL-01

Wonnemar Resort -Hotel Wismar

Bürgermeister-Haupt-Straße 36

23966 Wismar, Deutschland

### *Directions to reach the Hotel from the Wismar station:*

The easiest and quickest way will be to take a taxi from the Station to the Hotel. The taxi should cost around 7 - 10 € and you will find the Taxi stand as soon as you come out the station.

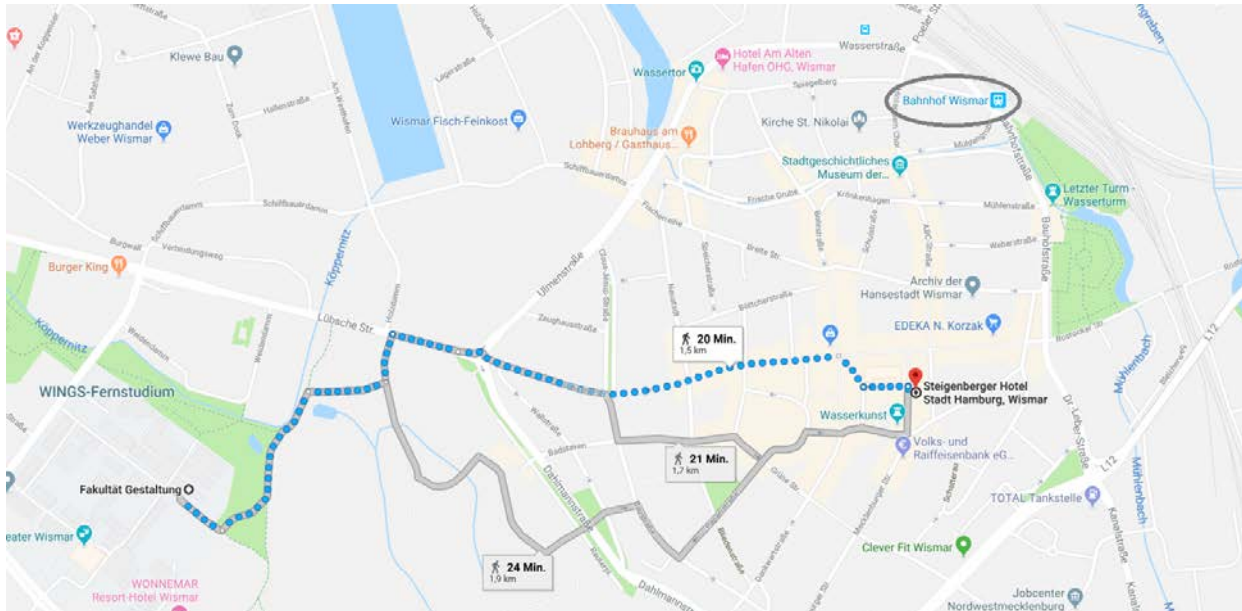

The other option would be to take the Bus. You can catch a bus to the bus-stop in J.-R.-Becher-Straße by using lines 4 or G (towards Ostseeblick) or B-D (towards Seebad Wendorf). However, the frequency of the buses is low. The last option is to walk but as most of you will be with luggage it is not quite recommended

## HOTEL-02

Steigenberger Hotel Stadt Hamburg

Am Markt 24  
23966 Wismar

### *Directions to reach the Hotel from the Wismar station:*

For your way from the station to the hotel at the market square we recommend to walk (Distance 650m). If the weather allows it is the best solution. In case of bad weather consider to take a taxi to market square.

## DIRECTIONS TO AND FROM WISMAR

### *Trains*

Trains from Wismar to Hamburg and Hamburg to Wismar leave every two hours and take approximately 1 hour 50 minutes.

To get from Hamburg central station to Hamburg Airport or the other way around you take S-Bahn S 2, you need to plan 25 min to get there.

To get from Berlin to Wismar or from Wismar to Berlin you take a direct train which takes 3 hours.

If you arrive at or leave from Berlin Tegel airport you can take Bus 9 or Bus TX, both need approximately 20 minutes from the central station to the airport.

If you arrive at Berlin Schönefeld Airport you can take various trains to the central station (a direct train to Berlin central station, S-Bahn or bus). It is best to inform yourself at the airport about the best option for depending on the time of your arrival.

You can find all available train and "S-Bahn" connections on the following website (English language):

<https://www.bahn.com/en/view/index.shtml>

Website for local public transport (busses, metro, tram)

BERLIN <http://www.bvg.de/en> - Berlin local transport

HAMBURG <http://www.hvv.de/en/index.php> - Hamburg local transport
